Supplement No. 18 - Annual Report IDE #G970088 (Nevyas Excimer Laser) March 14, 2001

Contrast sensitivity results have not been evaluated yet. LASTK results are included in the NEV-97-CO1 summary tables.

G. PROTOCOL DEVIATIONS

Some patients failed to return for the postoperative evaluation. These dropouts were replaced to provide 75 low myopia subjects with preoperative and postoperative evaluations. These substudy patients were all enabled in NEV-97-001.

H. SUMMARY OF COMPLICATIONS AND ADVERSE EVENTS: Encluded with the NEV-97-001 complication and adverse event tables.
